

## How does the tiny time machine work ?

Do you want to learn about the past or future for your homework . Then the tiny time machine can help you do just that . Do you want to find out more then if so keep reading .

### How it works

Firstly , press the green button that will start the machine . When it ready ,push the black button which will make sure the controls are working . If the controls don't work then shift the wires on top until the controls work .

After that ,press the left arrow button then look at the screen on the back there will be a picture of the place you want to go if you don't want to go to that place the push the right arrow button . When you've found the right time to go to then press the big red button and it will teleport you to the place .
