

# How the Time Turner Works

---

**When you first step into the fabulous contraption, you will hear a slight beeping noise from the roof that means it is about to take a picture so it can remember your face just encase you get lost. After that someone will ask you please scan your right eye so no one will be able to use it but you. Meanwhile a dashboard will have you ever thought what dinosaurs were like when they aren't edited? Well now you can use the brand new Time Turner machine. Now you can experience long as you're safe otherwise you may get eaten by dinosaur. If you want to know how it works then read on.**

## How to Control the Time white Turner

**Come down from the roof and you type in when in the past you want to go then you have finished you will now be advised with a bottle of milk so you do not blow up. Consequently another white and glimmering machine thumb scanner. You then scam you thumb when you have done that there you are back in time. And as a finishing touch there is free Wi-Fi.**

## **Warning**

**If you do not follow these rules it wills consequence in death!!!**
