

How can the Arsenal-inator go

Through time.

If Alexis Sanchez wants to see his footballing future or past then he activates the Arsenal-inator this remarkable comtraption will help any bored person travel to any time.

Do you want to know how it works?

How it works

When Alexis Sanchez is bored of the present he presses the big red button in the middle of the machine and say a place wich activates the device then the light of the big machine turns on and two catogories apear wich are year and month then it flotes then spins around before telorporting him to a time.
