2000. This machine can help you get your things in three seconds. If you want to know how it works? Then read on.

To start with, all you need to do is put your hand in the box so you can activate the machine. Secondly, on the outside there are buttons on the side and all you need to do is press the food or drink and a second later you will need to just reach out and when you have done that, your hand will be in front of whatever you would like. The last step is that you grab it and take your hand out of the box and then you can eat or drink what you have.

The Aromatic 2000 can be fully charged in less than 1 minute and is £9.99 in stores now.
